"Scholarships 4 Us® is the Legislative-Compliance enterprise for potential collegiate athletes and students. We provide students a national standardized platform to accumulate Prize Funds funded with Prize Money in our Accredited Events and Exclusive Rights of Use for youth organizations to manage the events. When an eligible student enrolls in The Scholarships 4 Us® Program the student establishes what is known as their ESA or Earning and Savings Account that is assigned to an Enrollment ID.

In every event, Student-Participants will accrue savings and have the opportunity to accumulate Prize Funds funded with Prize Money based on Place Finish. The Prize Funds funded with Prize Money shall be managed within The Trust of Scholarships 4 Us® which is managed using the S4Us.portal™.

Scholarships 4 Us® is *not* a nonprofit scholarship organization that manages and disburses donor and sponsor tax-deductible contributions. We are a for-profit third-party enterprise that manages Prize Funds funded with Prize Money under Scholarships 4 Us®: The 5 Principles of Amateurism™ with the intended purpose for the funds to be disbursed as a Scholarship Award. Former Student-Participants are entitled to request their accumulated Prize Funds funded with Prize Money as either Prize Money (taxable income) or a Scholarship Award (non-taxable income).

Usage of The Scholarships 4 Us® Program protects potential collegiate athletes' eligibility standards set forth by the NCAA®, NAIA®, NJCAA®, and NACE®. Scholarships 4 Us® has no affiliation with the NCAA®, NAIA®, NJCAA®, NACE®, or postsecondary educational institutions but may provide records regarding Student-Participants' enrollment, participation, and disbursement request to ensure our commitment to being the Legislative-Compliance enterprise for potential collegiate athletes and students."

No longer will every student in America have a 97% chance of NOT being selected as a recipient of the 1.7 million scholarships awarded each year or a 98% chance of NOT being offered an Athletic Scholarship. A Scholarship, since the first one was awarded almost 400 years ago, was never an actual '*thing*,' it is 'non-taxable income.' America will become united in The Scholarship System 4 Us by ensuring that all students are enrolled in The Scholarships 4 Us® Program for as long as it is useful for our kind.

The collegiate athletic associations write legislation that determines the eligibility criterion for athletes to compete in their competitions or tournament including accepting Prize Money based on Place Finish. Scholarships 4 Us® ensures potential collegiate athletes maintains compliant by managing Prize Money and disbursing the funds directly to the postsecondary educational institution as a Scholarship Award.

IRS

The IRS topic no. 421 scholarships, fellowship grants, and other grants recognizes these award earnings as tax-free so as long the "amount is used to pay for tuition and fees required for enrollment or attendance at the educational institution, or for fees, books, supplies, and equipment required for courses at the educational institution." Any other usage of the awards for "incidental expenses, such as room and board, travel or optional equipment must be reported as gross income.

NCAA®

The NCAA® permits potential collegiate students-athletes to earn prize money based on place finish in events so long as the amount does not exceed actual and necessary expenses to participate. The NCAA® requires all potential collegiate student-athletes to complete their Eligibility Questionnaire to determine if amateurism status has been maintained by requesting documentation of sports participation and any accepted prize money. These records are to be kept by the student-athlete and any misinformation or falsification could lead to a determination resulting in a permanent ineligibility status.

NAIA®

Potential collegiate student-athletes must complete their Eligibility Questionnaire and the bylaws state that no potential collegiate student-athlete can accept prize money after July 31st, the 'last day of summer,' prior to enrolling into an NAIA® institution. These records are to be kept by the student-athlete and any misinformation or falsification could lead to a determination resulting in a permanent ineligibility status.

NJCAA®

Potential collegiate student-athletes must complete their Amateurism Questionnaire and the bylaws state that no potential collegiate student-athlete can accept prize money after their 19th birthday or once enrolled in an NJCAA® institution- whichever comes first. These records are to be kept by the student-athlete and any misinformation or falsification could lead to a determination resulting in a permanent ineligibility status.

NACE®

Potential collegiate student-athletes must complete their Eligibility Certificate Form, and the bylaws do not state legislation governing student-athletes accepting prize money.

POST-SECONDARY EDUCATION INSTITUTIONS

Postsecondary educational institutions require all students to report private awarded scholarships to the Financial Aid Department as it may adjust their Financial Aid Award.

Practice

According to [Aspen Institute](#) the average annual expense per child for after school youth sports and activities- in The Arts averages around \$1,500 or \$10,500 from age 12-18. The primary goal when students **PRACTICE** perfecting their craft has been to achieve an ultimate goal of earning Scholarship Funds. The problem is this amount leads to a 4.5% chance to earn such funds in America's current scholarship systems.

PARTICIPATE

The Scholarship System 4 Us is not dependent on the Donor and Sponsor or collegiate athletic associations scholarship systems. America must **revolutionize** use of the \$10,500 and time spent perfecting students craft, so we are no longer dependent on only offering trophies, plaques, and medallions based on Place Finish. Students will now be able to **PARTICIPATE** in Scholarships 4 Us® Accredited Events and accumulate Prize Money.

Play

Scholarships 4 Us® prepares students for life after high school while ensuring they are in the best position for success to **PLAY** for their secondary (middle and high school) educational institutions. Students must understand that they are an asset to these businesses entities in which you compete for conference, section, state, and national titles that builds the value of their business and brand. For this reason, children and families must use their *own* money to fund The Scholarships 4 Us® Program.

Each state's high school league association may have set regulations that prohibit the participation in non-related events during in-school seasons. For example, participating in an AAU basketball event during high school basketball season may be prohibited in certain states.

The off-season for Scholarships 4 Us® will be considered the months in which a high school activity is in-season. It is essential that Accredited Hosts™ learn their local and/or state high school league associations' regulations.

Scholarships 4 Us® functions on a formal Order-of-Contact to orderly manage the business operations. Student-Participants first point-of-contact regarding The Scholarships 4 Us® Program, Earning and Saving Account, and upcoming events is through an Accredited Hosts™- they are responsible for reaching out to the appropriate contact to ensure all communication maintains order.

Scholarships 4 Us® created The Network 4 Us™ through the Scholarships 4 Us® website for Accredited Hosts™, Student-Participants and their parents, legal guardians or authorized representatives. The annual membership to join will provide the platform for this community to provide input in the formation of The Scholarship System 4 Us in a constructive and controlled environment. Each member will have access to educational events, members page, and forums that will also provide a voting mechanism for how The Scholarships 4 Us® Program is operated.

Remember, because of the founding of Scholarships 4 Us™ after school youth sports and activities in America will now be able to offer Prize Funds funded with Prize Money based on Place Finish for the first time in history. The initial revenue from The Network 4 Us™ *may* go towards The Inauguration of The Scholarships 4 Us® Program as start-up cost. The intended purpose of the revenue raised from The Network 4 Us™ will fund The Scholarship Match Award™.

The reason Scholarships 4 Us® created The Network 4 Us™ is to ensure that the consumer will know that they only need to recognize information if the feed is through The Network 4 Us™. Media as an industry has lost its conscious and cannot be trusted in being a mediator of information for The Scholarship System 4 Us.
