The accrued savings and Prize Funds funded with Prize Money shall be managed within The Trust of Scholarships 4 Us which is managed using the S4Us.portal™.

Scholarships 4 Us, LLC is *not* a nonprofit scholarship organization that manages and disburses donor and sponsor tax-deductible contributions. We are a for-profit third-party enterprise that manages Prize Funds funded with Prize Money under The 5 Principles of Amateurism with the intended purpose for the funds to be disbursed as a Scholarship Award. Former Student-Participants are entitled to request their accumulated Prize Funds funded with Prize Money as either Prize Money (taxable income) or a Scholarship Award (non-taxable income).

Usage of The Scholarships 4 Us Program ensures high school students and potential collegiate athletes maintain their eligibility to compete in their prospective league or association through the prudent and secure management of Prize Money in The Trust of Scholarships 4 Us. No longer will every student in America have a 97% chance of NOT being selected as a recipient of the 1.7 million scholarships awarded each year or a 98% chance of NOT being offered an Athletic Scholarship. A Scholarship, since the first one was awarded almost 400 years ago, was never an actual '*thing*,' it is 'non-taxable income.' America will become united in The Scholarship System 4 Us by ensuring that all students are enrolled in The Scholarships 4 Us® Program for as long as it is useful for our kind.

The high school leagues and collegiate athletic associations create legislation for participation in their competitions or tournaments which includes accepting Prize Money based on Place Finish. Scholarships 4 Us, LLC ensures students maintain eligibility for their prospective league or association through the prudent and secure management of Prize Money in The Trust of Scholarships 4 Us. Below are the organizations with jurisdiction to define what a Scholarship 'is' and to determine a student ineligible to compete in their competitions or tournaments as it relates to Scholarships 4 Us, LLC.

IRS

The IRS topic no. 421 scholarships, fellowship grants, and other grants recognizes these award earnings as tax-free so as long as the "amount is used to pay for tuition and fees required for enrollment or attendance at the educational institution, or for fees, books, supplies, and equipment required for courses at the educational institution." Any other usage of the awards for "incidental expenses, such as room and board, travel or optional equipment must be reported as gross income.

NFHS

The NFHS writes the playing guidelines for its member state associations or leagues which includes the jurisdiction to determine high school students and potential collegiate athletes ineligible to compete in their competitions and tournaments if they accept Prize Money based on Place Finish. However, each state association or league has autonomy to implement their own governing principles to determine eligibility requirements.

NCAA®

The NCAA® permits potential collegiate students-athletes to earn prize money based on place finish in events so long as the amount does not exceed actual and necessary expenses to participate. The NCAA® requires all potential collegiate student-athletes to complete their Eligibility Questionnaire to determine if amateurism status has been maintained by requesting documentation of sports participation and any accepted prize money. These records are to be kept by the student-athlete and any misinformation or falsification could lead to a determination resulting in a permanent ineligibility status.

NAIA®

Potential collegiate student-athletes must complete their Eligibility Questionnaire and the bylaws state that no potential collegiate student-athlete can accept prize money after July 31st, the 'last day of summer,' prior to enrolling into an NAIA® institution. These records are to be kept by the student-athlete and any misinformation or falsification could lead to a determination resulting in a permanent ineligibility status.

NJCAA®

Potential collegiate student-athletes must complete their Amateurism Questionnaire and the bylaws state that no potential collegiate student-athlete can accept prize money after their 19th birthday or once enrolled in an NJCAA® institution- whichever comes first. These records are to be kept by the student-athlete and any misinformation or falsification could lead to a determination resulting in a permanent ineligibility status.

NACE®

Potential collegiate student-athletes must complete their Eligibility Certificate Form, and the bylaws do not state legislation governing student-athletes accepting prize money.

POST-SECONDARY EDUCATION INSTITUTIONS

Postsecondary educational institutions require all students to report private awarded scholarships to the Financial Aid Department as it may adjust their Financial Aid Award.

Practice

According to [Aspen Institute](#) the average annual expense per child for after school youth sports and activities- in The Arts averages around \$1,500 or \$10,500 from age 12-18. The primary goal when students **PRACTICE** perfecting their craft has been to achieve an ultimate goal of earning Scholarship Funds. The problem is this amount leads to a 4.5% chance to earn such funds in America's current scholarship systems.

PARTICIPATE

The Scholarship System 4 Us is not dependent on the Donor and Sponsor or collegiate athletic associations scholarship systems. America must **revolutionize** use of the \$10,500 and time spent perfecting students craft, so we are no longer dependent on only offering trophies, plaques, and medallions based on Place Finish. Students will now be able to **PARTICIPATE** in Scholarships 4 Us, LLC Accredited Events and accumulate Prize Money.

Play

Scholarships 4 Us, LLC prepares students for life after high school while ensuring they are in the best position for success to **PLAY** for their secondary (middle and high school) educational institutions. Students must understand that they are an asset to these businesses entities in which you compete for conference, section, state, and national titles that builds the value of their business and brand. For this reason, children and families must use their *own* money to fund [The Scholarships System 4 Us](#).

In order to avoid confusion about the concept of Amateurism, Scholarships 4 Us, LLC formed The 5 Principles of Amateurism that will ensure high school students and potential collegiate athletes maintain their eligibility to compete in their prospective league or association.

The Scholarships 4 Us Program calendar year is June 1st – May 31st and we have four seasons with the intent to maintain a standard that matches the majority of national school districts.

Summer: June 1st – August 31st

Fall: September 1st – November 30th

Winter: December 1st – February 28th

Spring: March 1st – May 31st

Each state's high school league or association may have set regulations that prohibit the participation in non-related events during in-school seasons. For example, participating in an AAU basketball event during high school basketball season may be prohibited in certain states. It is essential that Accredited Hosts™ learn their state high school league or associations regulations.

Scholarships 4 Us, LLC functions on a formal [Order-of-Contact](#) to orderly manage the business operations. Student-Participants first point-of-contact regarding The Scholarships 4 Us Program, Earning and Saving Account, and upcoming events is through an Accredited Hosts™- they are responsible for reaching out to the appropriate contact to ensure all communication maintains order.

Scholarships 4 Us, LLC created The Network 4 Us™ through Scholarships 4 Us, LLC website for Accredited Hosts™ and Student-Participants. The Network 4 Us™ is an exclusive platform for constructive dialect for the formation of The Scholarships System 4 Us. Each member will have access to educational events, member pages, and forums that will also provide a voting mechanism for how The Scholarships 4 Us Program is operated.

The reason Scholarships 4 Us, LLC created The Network 4 Us™ is to ensure that Accredited Hosts™ and Student-Participants will know that they only need to recognize information from The Network 4 Us™. Media as an industry no longer has a conscious and cannot be trusted in being a mediator of information for The Scholarships 4 Us Program.

GEOJANI Esports Gaming is a Scholarships 4 Us, LLC franchisable and licensable brand created to provide eligible students the opportunity to accumulate Prize Money based on Place Finish in select Arcade Games and Electronic Arts.
