Scholarships 4 Us® is the **Legislative-Compliance** enterprise for potential collegiate athletes and students. We provide students a national standardized platform to earn unlimited scholarship funds through our Accredited Events and Exclusive Rights of Use for youth organizations to manage the events. When a student enrolls, they become a participant in The Program and establish what is known as their ESA or Earning and Savings Account that is assigned to an Enrollment ID. In every event, Students-Participants will accrue savings and have the opportunity to accumulate prize funds if they place top five in our Accredited Events.

Scholarships 4 Us® is not a scholarship provider; we manage prize funds as a third-party enterprise under the Rule of Amateurism with the intended purpose for the funds to be disbursed as a scholarship award. Usage of The Scholarships 4 Us Program protects potential collegiate athletes' eligibility standards set forth by the NCAA, NAIA, NJCAA, NACE and postsecondary educational institutions. Scholarships 4 Us® has no affiliation with the NCAA, NAIA, NJCAA, NACE or postsecondary educational institutions. Scholarships 4 Us® maintains and provides records regarding Student-Participants enrollment, participation, and prize earnings upon request to ensure our commitment to being the Legislative-Compliance enterprise for potential collegiate athletes.

If a student is under 18 years of age, then that person must have a Parent, Legal Guardian, or Authorized Representative provide consent to sign the 'Student-Participant Rights and Responsibilities.'
