3. Competition

Family **entertainment venues** that once would be the **anchor** of a mall see more value in being in a **stand-alone** building.

4. Households

A philosophy that shall be known as "**The Center of Attraction**" which is **Nickelodeon Universe**. Design the Mall business around children- and families will walk through the doors.

Established **large malls** that are **household names** will attract and maintain **brand retailers** and **restaurants**. For the medium and small malls that are on the verge of extinction they must understand what a mall '**is**' by **definition of use**.

The '**Shopping Mall**' business is **dead**. With the **establishment** of the '**The Center of Attraction**' and the philosophy of '**My Family's Place**'- the **rebirth** of the Mall shall come into fruition, and the **community** and **city** will **invest**.
